percentage (78.4)

Effective
communication

2020-2021

Skills

2018-2019

- SQL
- Html, css, javascript
- C programming
- Networking
- Microsoft Word
- Java programming
- Python Basics
- Microsoft Excel

Experience

Currently working as An AR Caller position in Innovative work solution - Tirunelveli

Nov-24/2026

Projects

Harvest Hub

2025

Engineered and deployed Harvest Hub, a full-stack e-commerce web application connecting farmers and consumers directly. Built a secure and efficient architecture using React (frontend), Node.js/Express (API), and MySQL (database).

E-Commerce - Online Web Store

2024

Designed and developed a responsive e-commerce website enabling users to browse, search, and purchase products seamlessly. Built the project to demonstrate strong full-stack web development skills and support scalable business operations. Applied front-end and back-end technologies to simulate a real-world commerce environment and improve customer engagement.

Finance Company Web Page - Static Web Design

2024

Designed and built a responsive finance company website to showcase services, company details, and customer solutions. Focused on responsive design and professional aesthetics to enhance user experience and brand credibility. Improved customer engagement and trust through clear presentation of key financial solutions.
